

We have exciting news: The next Tandem Meeting on Cancer Predispositions of the C4CMMRD and the SIOPE Host Genome Working Group will take place in Vienna (Austria) from January 21-23rd, 2027. Please save the date and consider participating. There will likely be the possibility of in-person and online attendance. We are now preparing the program and ask for your ideas and contributions.

Here are the details:

The Workshop of the European Consortium Care for CMMRD (C4CMMRD) will take place from January 21st – 22nd, 2027 & the SIOPE Host Genome WG Meeting from January 22nd – 23rd, 2027

at the Josephinum in Vienna, Austria.

Please help us with preparing **topics for Workshops**: We have some suggestions, please let us now your top four, you may add additional ones:

1. Data sharing platforms/ solutions
2. Novel screening tools (e.g. liquid biopsy)
3. Mosaicism in CPS
4. Transition to adult care of CPS patients
5. Prevention of cancers in CPS
6. Treatment toxicity in CPS
7. Re-analysis of germline genetic data

Please submit asap but the latest until October 30th, 2026:

→ **Abstracts for project presentations (max 300 words, unstructured but containing outline, aim, methods, results and outlook; please include all authors, affiliations and indicate the speaker(s))**

→ **Short descriptions for case presentations (max 100 words, unstructured, only very short outline needed).** For this session you can select a case for which you would like to receive input regarding diagnosis or management, or a case from which we can all learn.

Please send them to: nicolas.waespe@unibe.ch. DO NOT SEND IT TO ALL, ONLY TO ME. I will then share a summary of your ideas.

We are looking forward to meeting many of you in January!

Best wishes,

On behalf of the SIOPE HGWG board, Nicolas Waespe
