

MAKING SURE EUROPEAN INITIATIVES DELIVER FOR CHILDREN AND YOUNG PEOPLE WITH CANCER

Special SIOPE Europe and CCI Europe Webinar in the context of the European Week Against Cancer

Tuesday 31 May 2022 at 12:00 – 13:00 CEST

ABOUT THE WEBINAR

The European paediatric cancer community recently welcomed important EU developments, including Europe's Beating Cancer Plan, the Cancer Mission and the Pharmaceutical Strategy for Europe which all contain actions of relevance for children and adolescents with cancer.

SIOPE Europe and CCI Europe call for the set-up of a multi-stakeholder **EU Childhood Cancer Advisory Board**, which would be instrumental in supporting an organised action and fully realising the very ambitious EU agenda for children, adolescents, and young adults with cancer across Europe.

This webinar will expand on the vision of an **EU Childhood Cancer Advisory Board** from the perspective of childhood cancer patients, parents, survivors, and academia.

DRAFT PROGRAMME

<p>Introductory Remarks:</p> <ul style="list-style-type: none">- Carmelo Rizzari (SIOPE Europe President, University of Milano-Bicocca, IT)- Anita Kienesberger (CCI Europe Committee Chair, AT)	<p>Speaker dialogue between academia and patient advocate:</p> <p>“The importance of coordinated EU action: From unprecedented political momentum to tangible life-saving gains”</p> <ul style="list-style-type: none">- Gilles Vassal (SIOPE Europe Board Member and Policy Lead, Gustave Roussy, FR)- Delphine Heenen (CCI Europe Committee Member and European Affairs Committee Lead, KickCancer, BE) <p>Q&A with the audience</p>
