About this initiative

Summary

The EU is launching a new strategy to improve and accelerate patients' access to safe and affordable medicines and to support innovation in the EU pharmaceutical industry.

It will address:

- the life cycle of medicines from R&D to authorisation and patient access
- how to put scientific and technological advances into practice
- how to fill market gaps (e.g. new antimicrobials)
- lessons learnt from COVID-19 on how to better prepare for future pandemics.
