

Who are we

A Europe-wide, multidisciplinary network of nurses dedicated to advanced, evidence-based care for children & adolescents with cancer.

Mission and key activities

- Foster collaboration – Exchange knowledge, share best practices and work on projects across Europe.
- Promote specialised education for healthcare professionals. Advance evidence-based practice & research – Review guidelines, conduct systematic reviews and support nursing-led research.
- Empowerment of nursing leadership.
- Mentorship programme –pairs early-career paediatric oncology nurses with experienced mentors.
- Sub-groups for focused impact Palliative Care, Nutrition, Research, Quality Improvement and Sport & Exercise.
- Scientific nursing programmes, multi-day sessions at SIOPE Annual Meeting.

Why Join

Professional growth

Access to mentorship, webinars, and research involvement.
