Europe has a Cancer Plan for Children and Adolescents

SIOPE partners successfully finalised and committed to implement a long-term **European Cancer Plan for Children and Adolescents** to increase the cure rate of childhood cancer and improve the lives of survivors.

SIOPE – MAC Launch:

European Cancer Plan for Children and Adolescents

Wednesday 18th November 2015 (12:00 – 14:30)
European Parliament – Room JAN 602

Hosted by: MEP Mr Alojz Peterle (SI)
MAC President

Starting with a networking lunch

In 2015 this newly formulated Strategic Plan has been **officially launched on two occasions**: first in September, when it has been presented to professionals across the cancer continuum at the European Cancer Congress, and then last November at the event **SIOPE – MAC Launch**, where it has been illustrated to policy-makers and other EU stakeholders at the European Parliament... SIOPE at the European Cancer Congress

2015 has been the year of the **European Cancer Congress** (ECC 2015), the major scientific event covering all advances in research and care in Europe and beyond, providing leadership in ground-breaking scientific data and excellence in clinical practice.

On this occasion, several **experts from the SIOPE community** presented recent research advances on childhood cancers within the Congress programme. Moreover, this Congress was also the yearly meeting of SIOPE, and we took this opportunity to further improve our visibility on this occasion... [Read More](#)

Signed Memorandum of Understanding between SIOPE and CCI Europe Regional Committee

SIOPE and some members from the Europe regional committee of Childhood Cancer International (CCI) met at the recent SIOP Congress in Cape Town (5-8 October 2015), and signed an important Memorandum of Understanding. This is a major step forward to strengthen the partnership with parents, patients and survivors and to implement the SIOPE Strategic Plan...
